# TECHNOLOGY STUDENT ASSOCIATION WORK LOG

| Date | Task | Time involved | Team member responsible (student initials) | Comments |
|------|------|---------------|--------------------------------------------|----------|
| 11/23/2024 1. | Brainstorming | 1 hr, 45min | RN,NS,SC,SK,IN | Our team brainstormed the initial layout of the website and researched information about vegetarian restaurants and how their website functions. |
| 11/31/2024 2. | Training | 4 hr | RN,NS,SC,SK,IN | We all learned ReactJS, Flask, Python, HTML, and CSS online. Additionally, we researched information about vegetarian restaurants and their produce sourcing. |
| 12/2/2024-12/3/2024 3. | Initial Web Setup | 1.5 hr | RN,NS,SC | We created the initial layout of the website creating all the 4 pages with the basic React setup and the flask server. |
| 12/12/2024-12/14/2024 4. | Content Description | 2.5 hr | SK,IN | We developed the restaurant's content and story, starting with a timeline of the food's journey from the farm to the restaurant as well as all the other relevant information. |
| 11/12/2024-1/17/2025 5. | Website Creation | 30 hr | RN,NS,SC | We continued to enhance the website by adding features like the admin page and a " add to cart" option. We added routing in the Flask server and created a chatbot as well. |
| 01/20/2025 6. | Portfolio | 1 hr | RN,NS,SC,SK,IN | During this meeting, we wrapped up the sources list, completed the student copyright checklist, designed the logo, and created the name " Green Platter". |
